

Vacuum Couplers and Hose Clamps

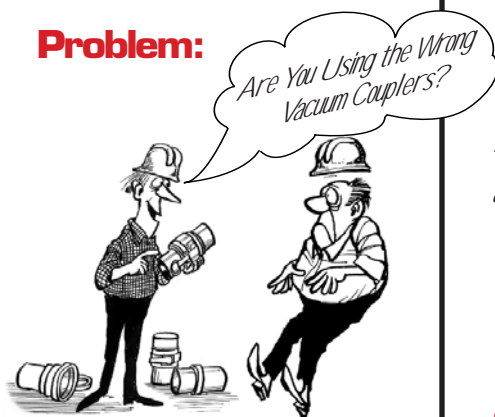

Features & Benefits

- ◆ Designed for fast assembly / disassembly of vacuum conveying lines.
- ◆ Constructed of 14 gauge hi-abrasion resistant steel for long lasting wear.
- ◆ Galvanized for rust proof protection.
- ◆ Male / female quick couplers feature special external gaskets for vacuum tight performance (eliminates need for duct tape).
- ◆ Specialty quick couplers are designed so that different size hoses can be used, corners turned and additional hose connections or configurations made to the vacuum conveying line.
- ◆ All couplers are available with various appropriate gaskets and lock rings.

Vacuum Couplers and Hose Clamps

Problem:

Solution:

Fast-Vac "Quick-Couplers" are a "Snap" or is it a "Click"?
