Ergo-Vest™

Problem:

Workers are improperly using industrial vacuum equipment leaving them vulnerable to injury. Productivity is negatively affected.

Solution:

FAST-VAC has advocated safety for many years, and our new Safety Products Kit will help insure that your work crews are protected. This user-friendly product is built with the operator in mind. Your employees will appreciate increased levels of comfort and productivity along with improved safety.

The Ergo-Vest - Assists workers by ergonomically supporting vacuum hoses, nozzles and other equipment. It's fully adjustable to meet the demands of any application. A back-saving attachment, utilizing a quick cinch D-ring harness means less fatigue.

For safety's sake, call for complete information on this and other revolutionary new safety solutions from FAST-VAC.
